Look, if I never wear another prom dress again, you won't hear me complaining.

I dunno, Uzi. You looked pretty cute!

Oh, shut it! Geez! Well...thanks.

I kind of accidentally let the Disassembly Drones J, N, and V into the colony. They promptly murdered a bunch of residents before I made friends with them and convinced them to, y'know, NOT slaughter everyone.

I had to kill J with my railgun, but N and V promised to be cool! We all got banished, anyway. But then we bumped into Thad, and he told us a bunch of creepy murder-y things were still happening back at the colony.

Turns out that J's corpse had revived itself into a giant worm—its "Eldritch" form—and started killing residents and creating all kinds of chaos. Woof, it was quite the mess. But me, N, and V confronted "Eldritch J" and took her down. But not before she destroyed my RAILGUN! UUUGH!

I stabbed J's creepy-crawly heart with my tail several times after that. I'm so hardcore.

The horror wasn't over, though. My dad somehow thought he could improve father-daughter relations by forcing me to go to the prom (lame) and then CHAPERONING! So as things unfolded, V was crowned prom queen, and my classmate Doll went on a killing spree of her own.

Yeah, it turns out V killed her parents, so she was kinda mad.

It was like she wasn't even her. She was manifesting knives and moving stuff with her mind! We fought her off, but not before I lost control of my own weird powers. That freaked Doll out, who vanished into thin air, but not before telling me she was sorry for me and that "if I find what I'm looking for, I'll help you, too."

Not cryptic at all!

Now we're off to a place called Camp 98.7 to look for Doll and more clues about what's happening to me (and her). I was planning to go alone, but word got out and then someone got the bright idea to turn it into a class field trip.

Totally! And me and V are serving as camp counselors! Fun times ahead!

Yeah. Wait. WHAT?!
